Christian Projects Funding Guidelines

Introduction

The Henry Smith Charity is one of the largest independent grant making trusts in the UK, distributing over £30m each year.

The majority of our funding is distributed through the Improving Lives and Strengthening Communities programmes but we do have a number of other grant programmes, including our Kindred, Holiday, Christian and County Grants. Guidelines outlining what we fund under each of these programmes and how to apply can be found in the What we fund section of our website.

These funding guidelines are for our **Christian Projects Grants programme only**; they outline the type of organisations and services we are looking to fund and aim to help you decide whether you are eligible to apply for a grant.

When our founder Henry Smith died in 1628 he left a detailed Will. It established our charity and expressed a range of charitable objectives. These included funds set aside for the relief and maintenance of Godly Preachers and for the better furtherance or promotion of knowledge and religion. The Christian Projects Grants programme addresses this objective and provides grants to support projects that explicitly promote the Christian faith in the UK.

If you have any queries about the guidelines or are unsure whether or not your project fits within them, please call us on 020 7264 4970 and speak to a member of the Grants Team.

1. Who can apply for a grant

Please read these Guidelines in full before completing your application.

Under our Christian Projects Grant programme, we accept applications from churches, small charities and not-for-profit organisations. We only support work that comes from churches within the Anglican Communion in the UK, or that is fully ecumenical. The Anglican Communion in the UK consists of the Church of England, the Church in Wales, the Scottish Episcopal Church and the Church of Ireland. If your organisation is not formally part of any of these churches you must demonstrate that your project has the full support of whichever church is geographically applicable.

We fund established organisations (by this we mean at least 18 months old and have published their first set of annual accounts) that have a track record. We are looking for applicants that have the necessary expertise and experience and are well placed to deliver the work for which funding is sought.

We prioritise smaller organisations and are unlikely to make a grant to organisations with an income of over £1 million.

Grants are typically awarded for 1-2 years, but applications can be made for funding of up to three years. **The minimum grant you can ask for is £10,000 for one year.** There is no maximum, but limited funds mean we do not award very large grants.

There are no deadlines and applications can be submitted at any time during the year provided that:

- you do not have an active grant from us;
- we are not already assessing an application from your organisation to one of our other programmes;
- all reporting requirements on previous grants have been met, and
- if you applied previously and were unsuccessful, that more than 12 months has passed since you received your declination letter.

Applications for this programme are submitted online using our application form.

Trustees meet three times a year to consider grant applications so it may take **up to five months** to hear the outcome of your application.

If your organisation applies and is unsuccessful you must wait at least 12 months from the date on the notification letter we send you before making another application.

2. What you can apply for

Under the Christian Projects Grants programme, we value projects that explicitly set out to nurture and grow people's journey in Christian faith and to grow churches.

There are four priority areas for this programme, which are detailed below.

Priority 1	Meeting the spiritual needs of older people, including those with dementia
Priority 2	Meeting the spiritual needs of those with a learning disability and those who have cognitive impairments
Priority 3	Reaching out to the unchurched - especially young people and young families - by nurturing their spiritual interest and well-being
Priority 4	Projects which support and care for Anglican clergy at times of acute need

The priorities all have equal weighting, no one is more important than another. If you are considering applying, check that your project strongly fits one of these priorities. If your project fits more than one priority that's OK too.

If you are applying under **Priority 3** - reaching out to the unchurched:

- **We are looking for projects** which are primarily and explicitly about promoting the Christian faith, that lead to tangible progress and growth in people's faith journeys and that lead directly to church growth
- We are **not looking for** projects motivated by Christian faith that are delivering social action, such as: general community outreach work, work focussed on reducing poverty and inequality or enhancing community cohesion

3. What we do not fund

It is important to read this page carefully before applying to us.

We do not make grants to applicant organisations which have:

- Reserves (net current assets plus investments) covering more than 12 months' expenditure
- An annual income above £1 million (in exceptional circumstances we are willing to consider applications from organisations with an income over £1 million subject to discussion with a member of staff)
- Applied to us unsuccessfully within the previous 12 months
- Another application under consideration in any of our grant programmes
- An active grant from us under any of our grant programmes

We will not support:

- Applications for less than £10,000 per annum
- Work that will take place overseas
- Grants to individuals, or to other causes, that will benefit only one person, including student grants or bursaries
- Capital grants of any sort. This includes repairs or works on church buildings. Small capital costs needed to support the work of a revenue grant may be approved.
- Work whose sole focus is heritage or conservation
- Social action projects. This programme does not fund projects motivated by Christian faith that are delivering social action, such as: general community outreach work, work focussed on reducing poverty and inequality, or enhancing community cohesion
- Residentials or holidays
